
Solventless extraction

Terpene Belt Inc. asserts that no solvents are used or added at any step in the production of our essential oils. Our essential oils are steam distilled from freshly harvested hemp inflorescences. Some of our essential oils are processed using vacuum distillation.

This statement is provided without the intention of preempting or superseding any regulatory requirements concerning the utilization and incorporation of Terpene Belt products into downstream finished products. We maintain our unwavering commitment to upholding safety standards and ensuring compliance with relevant regulations.
